## Benefits

**Pain Relief:** Cannabis gummies may help reduce chronic pain by interacting with the body's endocannabinoid system.

**Anxiety and Depression:** May help alleviate symptoms of anxiety and depression.

**Better Sleep:** Cannabis gummies may help improve the quality of sleep, especially when consumed in the evening.

**Neuroprotective Properties:** CBD in cannabis gummies may help protect the brain from damage and reduce the risk of cognitive decline.

**Nausea and Vomiting:** May help reduce nausea and vomiting in people undergoing chemotherapy.

**Relaxation:** May help promote relaxation and reduce stress levels, making them a popular choice for those seeking a calming effect.

Warning! Some products contain a wide variety of cannabinoids, including trace amounts of THC (less than 0.2% THC), legally allowed by SAHPRA. The use of this product may result in a false positive drug test for marijuana. If you are subject to drug screening, you should not use or consume this product.
