Introducing our Turkey Tail Gummy, a convenient and delicious way to support your overall immunity.

Our gummies are gluten-free, non-GMO and made with natural ingredients. They are suitable for vegetarians and vegans.

Benefits

Immune Support: Turkey Tail mushrooms are rich in polysaccharides and beta-glucans, which are known to support a healthy immune system.

Antioxidant Properties: The antioxidants present in Turkey Tail mushrooms can help combat oxidative stress and protect the body against free radicals.

Gut Health: Turkey Tail mushrooms contain prebiotics that can promote the growth of beneficial gut bacteria, supporting a healthy digestive system.

Anti-inflammatory Effects: The bioactive compounds found in Turkey Tail mushrooms have been shown to possess anti-inflammatory properties, potentially reducing inflammation in the body.

Cancer-fighting Potential: Some studies suggest that Turkey Tail mushrooms may have anticancer properties, supporting conventional cancer treatments and potentially inhibiting tumour growth.

Respiratory Health: Turkey Tail mushrooms have been traditionally used to support respiratory health, including helping with symptoms of respiratory conditions such as asthma and bronchitis.

Liver Support: The compounds in Turkey Tail mushrooms may help protect and support liver health, assisting with detoxification processes in the body.

Energy and Stamina: Turkey Tail mushrooms have been associated with increased energy levels and enhanced physical performance, making them a potential natural supplement for athletes.

Mental Well-being: The bioactive compounds in Turkey Tail mushrooms may have neuroprotective effects and support cognitive function, potentially improving memory and overall mental well-being.

Skin Health: Turkey Tail mushrooms contain antioxidants and other compounds that can promote healthy skin, potentially reducing signs of ageing and improving skin elasticity.
